## From our Director of Missions

*Jerry Rankin, President of the International Missions Board, reports that last year more than 5,500 IMB missionaries helped plant nearly 27,000 churches. and minister to 1,190 people groups. This was possible by mobilizing local churches to do missions around the world—not just support missions by prayer and finances.*

*Mobilization is where we are going. We must begin to effectively deploy personnel from every church. Our goal is to reach the growing population in the Little River Association. We need strong, spiritual leadership that produces new strategies with great faith, following a call from God to be on mission.*

*I'm excited about what God is doing. Please pray for our association as we work to strengthen existing churches and plant new faith communities. May God bless you and the ministry He gives you to do for His glory.*

*"But be doers of the Word, and not hearers only.."*
